**Kaleidoscope Metaphor for the E-Portfolio by Dr. Joan E. Leichter Dominick, 2004.**

**E-Portfolio as Kaleidoscopic Process: Reflective View from Self to Global Society**

Just as a kaleidoscope needs light to view the endless possibilities of visual combinations of the colored glass, an e-portfolio provides the illumination for the learner to view the endless possibilities of the potential views and connections of her/his learning experience from self to global society.

Dr. Helen Barrett, international academic leader in the e-portfolio process, is posting metaphors people develop for the E-Portfolio Process. She has chosen my kaleidoscopic metaphor for her posting list. Go to her website at:

<http://www.helenbarrett.com> for more metaphoric descriptions of e-portfolios. My e-portfolio metaphor is quoted on the James Cook University Website on the e-portfolio development page.
